

LEGAL NOTICE OF SETTLEMENT

If you own certain Remington firearms, you may be eligible for benefits from a class action settlement.

A proposed nationwide Settlement has been preliminarily approved in a class action lawsuit involving certain Remington firearms. The class action lawsuit claims that trigger mechanisms with a component part known as a trigger connector are defectively designed and can result in accidental discharges without the trigger being pulled. The lawsuit further claims that from May 1, 2006 to April 9, 2014, the X-Mark Pro® trigger mechanism assembly process created the potential for the application of an excess amount of bonding agent, which could cause Model 700 or Seven bolt-action rifles containing such trigger mechanisms to discharge without a trigger pull under certain limited conditions. The lawsuit contends that the value and utility of these firearms have been diminished as a result of these alleged defects. Defendants deny any wrongdoing.

Who's included?

The Settlement provides benefits to:

(1) Current owners of Remington Model 700, Seven, Sportsman 78, 673, 710, 715, 770, 600, 660, XP-100, 721, 722, and 725 firearms containing a Remington trigger mechanism that utilizes a trigger connector;

(2) Current owners of Remington Model 700 and Model Seven rifles containing an X-Mark Pro trigger mechanism manufactured from May 1, 2006 to April 9, 2014 who did not participate in the voluntary X-Mark Pro product recall prior to April 14, 2015; and

(3) Current and former owners of Remington Model 700 and Model Seven rifles who replaced their rifle's original Walker trigger mechanism with an X-Mark Pro trigger mechanism.

What does the Settlement provide?

Settlement Class Members may be entitled to: (1) have their trigger mechanism retrofitted with a new X-Mark Pro or other connectorless trigger mechanism at no cost to the class members;

(2) receive a voucher code for Remington products redeemable at Remington's online store; and/or (3) be refunded the money they spent to replace their Model 700 or Seven's original Walker trigger mechanism with an X-Mark Pro trigger mechanism.

How can I obtain benefits?

TAKE A FLYING LEAP

The Red Bull Cliff Diving World Series is coming to Hell's Gate in Possum Kingdom Lake, Texas, on May 30. It's just like normal diving — except these daredevils are jumping from an average of 90 feet up, or roughly the height of an eight-story building.

One of the series' best is American David Colturi, 26, who admits that cliff divers "definitely have a couple of screws loose."

BY MATT MCCUE

Talkin' About Practice

"Since we don't have diving facilities with platforms that are 90 feet, we practice at normal pools that have the 30-foot high Olympic-height platforms. We break up our dives into different parts, so one time we practice our takeoff, then our mid-air rotation, and then our foot-first entry."

Make a Splash

"We not only use the two safety divers in the water below for medical expertise, but also to have them splash the water right before you dive because it's hard to determine your entry point."

Need for Speed

"When we jump from 90 feet, we go from zero to 60 mph in about three seconds. Then our deceleration from 60 mph to zero mph takes about one second in 13 to 14 feet of water. We don't really go that deep underwater."

Stick the Landing

"If you land the slightest bit off of the vertical position, you can take a nasty shot on your chin. It's like someone punched you. ... For anything above 40 or 50 feet you're risking injury to your upper body if you dive head first into the water; so we have to land with our feet."

Male Enhancement Products ... Do they REALLY Work?

How To Improve. Increase. ENJOY.

Q: Dear Steffanie,

For the past year, I've been having some confidence issues. It's really dragging my relationship with my wife down. I wanted to try some pills I heard about, but I found out they can take 3 or more months to work. In your judgment, can you recommend anything that works faster or better?

Jason M.

A: Well Jason,

The verdict is in, and I just happen to have the perfect answer to boost you and your confidence, while giving your wife the time of her life ... repeatedly!

For months my fiancé was feeling the exact same way you were and then, one night, we had the most phenomenal sex. EVER. I had never seen him more excited and powerful. He took control right from the

start and the feelings we shared together were totally mind-blowing. And, here's the best part, every time since that night, he just keeps getting better and better. It's amazing! I can't get enough of him now!

Finally, the other day, my curiosity took over. I had to know what brought about this drastic change. So, I asked him - to my shock, he handed me a tube of PROZEMAX. I just couldn't believe this product PROZEMAX was actually making him feel more virile and way more vigorous. I did a little research and was surprised by what I found.

Recommended by a Leading Physician, PROZEMAX is the premiere natural, fast-acting topical lotion designed to enhance erection quality and the feeling of firmness, while intensifying your sensation for the ultimate sexual experience. To my intimate knowledge, PROZEMAX's PATENTED TARGETED DELIVERY SYSTEM effectively reaches the desired area directly upon application, maximizing absorption and resulting in a performance to be proud of each and every time.

BEST OF ALL - YOU LITERALLY START FEELING IT IN UNDER 60 SECONDS! I'm a huge (and grateful) fan of PROZEMAX. Trust me, I know my fiancé is too!
